

# VISUAL CRIME STOPPERS

Visual Crime Stoppers 9 Computer Software by Jansen's Software is rated as the *Best and User Friendly*.

Jansen's Software has been rated by several of the top crime stoppers officials as the best Crime Stopper software that is available. The latest version Visual Crime Stoppers 9 now runs on the operating systems of Microsoft Windows 98, 98se, Millennium, NT 4.0, 2000, and XP. The main features of Visual Crime Stoppers 5 Software are:

- User-friendly data entry screens with push buttons, pop-up windows, browse screens, and mouse support.
- Numerous databases to keep track of informants, case facts, suspects, dispositions, arrests, cases cleared, and statistical reporting. Suspects can have pictures stored in record.
- A statistical reporting system to create your monthly statistical reports containing data for the month, year, and since inception.
- A separate financial program, which may be run from a separate computer, is available to keep track of all financial activities, including expenditures, contributions, rewards paid, and board members including pictures.
- Custom query manager that allows the user to create custom queries for reports by scanning on any one field or several different fields including a range of dates (ex: weekly, monthly, quarterly, or yearly). These custom queries can be saved and reused later.
- Create custom reports and reuse them through the query maker. Even modify the built in pre-defined reports.
- Multiple calls can be assigned to the same Informant Number.
- A field for a second Informant Number if you are using an outside agency to take your calls at night.
- Unlimited Suspects, Case Facts, Autos, Arrests, and Cases Cleared for each call.
- Spell checking for case facts and memo fields

(must have Microsoft Word installed)

- Numerous pre-defined reports including:

- Individual Informant Report
- Informant Report
- Individual Suspect Report
- Suspect Report
- Suspect Indexed Listing
- Case Facts Report
- Complainant Report
- Cleared Cases Report
- Recovered Narcotics Report
- Recovered Property Report
- Rewards Paid Report
- Arrest/Indictments Report
- Disposition Summary Report
- Other Disposition Report
- Pop-up Listings
- Monthly/Quarterly Statistical Data Reports

#### C. S. I. Statistical Reports

- Reports may be sent to the printer (dot matrix, ink-jet, color ink-jet, or laser) or to the computer monitor as a preview of the report. Reports can have either the agency's name printed or a logo including your logo if you so desire.
- Programs can be used on a network with multi-user access using record locking.

Crime Stoppers Software by Jansen's Software is recommended by Judge David Cobos, former Director of Texas Crime Stoppers Advisory Council who has used this software since 1985 and states that this software is "one of the best Crime Stoppers software packages available on the market." Melvin Joyner, one of the nation's top crime stoppers coordinators of Wichita Falls Crime Stoppers, Inc. in Texas also recommends this software. We now have programs in twenty eight (28) states and International.

Version 9 program requirements are a PC compatible computer (Pentium or higher) with 64 Megs of Memory (128 Megs or higher recommended), a hard disk (35 Megs for programs), mouse or other pointing device, SVGA monitor with 800x600 resolution or higher, CD-ROM, and Windows 98 or later.
